SBL MISSION

The mission of Sarah Bush Lincoln is to provide exceptional care for *all* and create healthy communities.

SBL DENTAL TEAM MISSION

The mission of the SBL Dental Team is to provide a dental home and improve the overall oral health of the communities we serve by removing barriers and providing access to dental care. We will ease their pain, discomfort, and fears by creating a positive dental experience for every patient.

Women & Children First Campaign

- 1999 Community Planning / Needs Assessments
- Baby Steps
 - Volunteer Dentists at Local College a few days a year.
 - 2005 Added Preventative Care in Schools
 - 2009 Added Mobile Bus for Restorative Care in Schools/Clinics
 - Volunteer Dentists now assist 2-4 days per year in their own offices.

- Sarah Bush Lincoln Dental Services provides a dental home for children and women whose dental health needs would otherwise go untreated. SBL Dental Services are coordinated by dentists to establish and maintain dental health for our patients.

SBL Dentists:

Dr. Susan Goldstein

Dr. Marlee Hansen

Dr. Alisa Taylor

WHO WE ARE

Sarah Bush Lincoln Dental Services is a collaborative community effort that provides dental care at no cost to families who qualify.

Our staff consists of dental hygienists, dental assistants, and staff and volunteer dentists.

The program serves a nine-county service area including Clark, Coles, Cumberland, Douglas, Edgar, Effingham, Jasper, Moultrie, and Shelby counties.

Lessons Learned

- Community Support
- Start small, and build on success
- Collaborate with local dentists and schools
- Portable and Dental together in the schools.
 - MHCA – I estimate 75-85% of mobile dental programs do NOT provide restorative services
- Dental report cards to the schools
- The need is increasing
 - Decide the scope of your program
 - Tough Decisions must be made
 - “Healthy Communities” or “Revenue Based” Model?
 - Reduced Restorative from 9 counties to 7 counties last year
 - Do we need to reduce again?
- Dentist Recruitment and Sustainment is HARD!
- Dentists are trained differently than Doctors
 - Reporting Structures (management practices)
 - Training required when you hire new graduates
- Funding for Adults is almost nonexistent

Biggest Unmet Community Need

- Adult Dentistry for low income families.

Sustainment Ideas

- Partnering with a local private practice dentist
- He hires and oversees dentists
- SBL assists with recruitment efforts / costs / sign-on bonuses
- SBL requests a specific number of hours to be covered by dentists.
- SBL pays hourly or daily rate to partnering dentist who then pays his staff.
- Best of both worlds for dentists
 - Private Practice experience / training
 - Get to do some of the “exciting” dentistry
 - Public Aid Service
- Better sustainment of program with multiple dentists

Help families find their smiles again.

General Dentist
Sarah Bush Lincoln Dental Services and Charleston Family Dental

Sarah Bush Lincoln (SBL) Dental Services and Charleston Family Dental are seeking a full-time dentist for multiple clinic sites in East-central Illinois. This is a unique opportunity in which the provider will be able to customize a career working in both private practice and community dentistry.

SBL Dental Services is a part of the SBL Health System whose mission is to provide exceptional care for all and create healthy communities. SBL is committed to access to dental care. Currently, SBL delivers comprehensive care at multiple sites across a nine-county region through a mobile program, but is now opening a clinic in Charleston, IL.

Charleston Family Dental is a small group of private practices with four locations in this region. This team of dentists is dedicated to advancing each other's practice and offers limitless opportunities for growth and customization.

The partnership between SBL and Charleston Family Dental allows us to provide excellent care to area residents in the communities we serve. Together we can provide for all of our patients' needs. The dentist will work with a talented team of clinical professionals in modern facilities. This opportunity offers competitive compensation with excellent benefits and tuition assistance.
