Why Partner With Us

Sponsorship = visibility + credibility + access

- 200+ healthcare leaders
- 50+ clinics statewide
- Decision-makers + clinical management
- Direct access to providers & administrators

This audience represents **decision-makers**, program **leaders**, and **system influencers** actively seeking partnerships and solutions.

Sponsors gain visibility with the leaders shaping healthcare access across Illinois. The conference is the only statewide gathering dedicated exclusively to free and charitable clinic operations, advocacy, and innovation.

Logo Placement & Recognition Levels

Exclusive

Your logo receives the most prominent visual position across all conference materials. This includes primary placement on the conference website, registration materials, mobile app homepage, and main ballroom screens. Top placement ensures maximum brand visibility throughout the attendee journey.

Premium

Your logo appears prominently on sponsor signage, conference slides, printed materials, and digital platforms. Positioned above standard sponsor listings, premium placement ensures strong, repeated exposure during the event.

Featured

Your logo is highlighted in sponsor sections across conference materials, including signage, printed programs, and digital directories. Featured placement ensures consistent visibility without competing with general sponsor listings.

Standard

Your logo appears alongside other supporting sponsors in conference materials and signage. This placement ensures presence and acknowledgment while maintaining clean and consistent event branding.

We hope you'll join us!

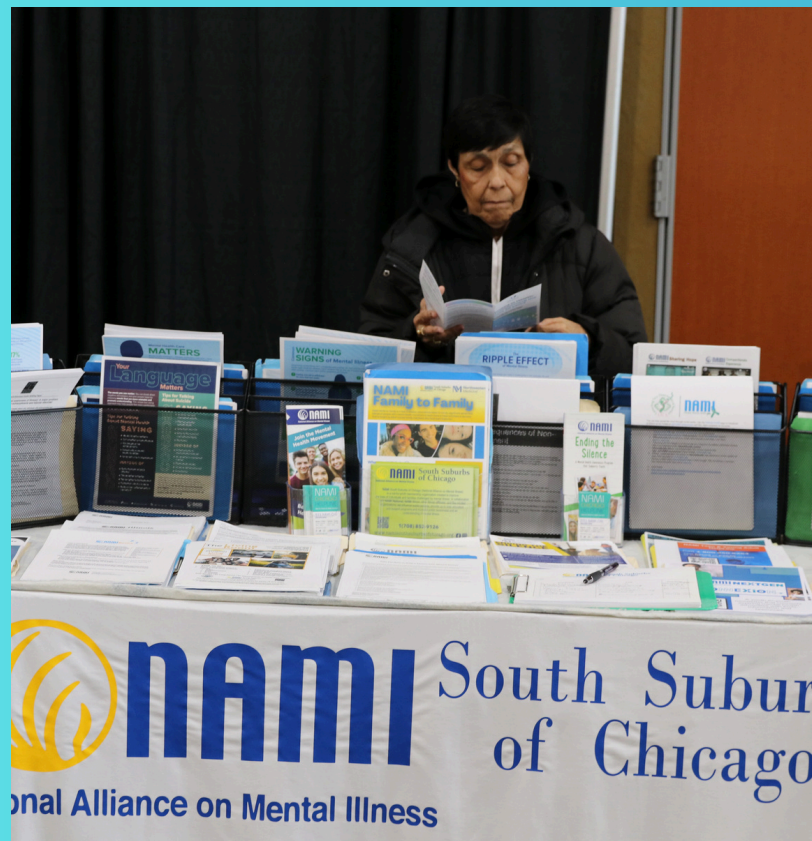

Our Annual Conference is the statewide gathering for leaders, staff, volunteers, and partners to connect with peers, share resources, and learn from others who deeply understand the mission and challenges of serving uninsured and underinsured patients. The conference creates space to adapt to new realities, align around shared goals, and amplify collective impact across the state.

What began as a clinic-only convening has evolved into a broader environment of mission-aligned collaboration. Today the conference welcomes vendors, community organizations, funders, and advocates who invest in strengthening the safety net. Attendees engage in workshops, hear from national healthcare leaders, and interact with exhibitors throughout the day—gaining tools, partnerships, and strategies they can immediately apply within their organizations.

Join us to support a conference grounded in connection, learning, and appreciation for the clinics that make healthcare accessible in Illinois — and join the movement to adapt to new challenges, align resources, and amplify solutions within the safety-net healthcare ecosystem.

United in Health,
IAFCC Conference Committee

Let's Talk It Through

We can make any package and any sponsorship level work for the needs and complexities of your organization, your service, or your product. The possibilities are endless!
